## PROFESSIONAL SUMMARY

I'm a motivated Computer Science undergraduate with strong interests in cloud engineering and cybersecurity, and a natural aptitude for problem-solving as well as a deep passion for technology. I'm eager to apply technical knowledge, analytical thinking, and creativity to real-world challenges while contributing meaningfully to innovative engineering teams and committing to continuous learning and personal improvement.

## EDUCATION

### ❖ Bachelor of Science in Computer Science (In Progress)

- o 4<sup>th</sup> Year, Single Major
- o University of Ghana, Legon.
- o 2023 – Present
- o Expected Graduation: 2026

### ❖ High School Diploma in General Science

- o Presbyterian Boys' Senior High School, Legon
- o 2019-2022

## CERTIFICATIONS

### ❖ AWS Certified Cloud Practitioner

## TECHNICAL SKILLS

- ❖ Cloud Engineering and Solutions Architecting (Amazon Web Services)
- ❖ Web Development (JavaScript, HTML, CSS, React JS, Node JS)
- ❖ Mobile App Development (React Native with Expo)

- ❖ Git and GitHub
- ❖ UI/UX Design (Figma)
- ❖ Video Editing (Davinci Resolve) and Music Production (Reaper)

## WORK EXPERIENCE

- ❖ Quetzal Tech | Full-stack Software Developer and Team Lead (Oct 2023- Aug 2024)
  - Led a front-end team to build a responsive web app with React/S, ensuring code quality and scalability. And collaborated with designers and backend teams to deliver seamless UI/UX.
  - Spear-headed the development of a Java based navigation desktop app for students at the University of Ghana.
  - Managed sprints, delegated tasks, and conducted code reviews to boost productivity by an invaluable amount while fostering a strong, collaborative team culture.
- ❖ Regina Truu | Part-Time Virtual Assistant (From Sept 2024)
  - Managed emails, calendars, and scheduling for the client, ensuring timely communication and organization and handled data entry, research, and report preparation with accuracy and efficiency.
  - Coordinated meetings, travel plans, and task reminders to support daily operations and maintained confidentiality while managing sensitive information and client records.
- ❖ QuiverTech | Programming and Video Editing Intern (March 2025 - May 2025)
  - Assisted in developing and debugging web applications, improving UI responsiveness and functionality and edited videos using DaVinci Resolve, handling colour grading, audio syncing, visual effects.
  - Collaborated with teams on content creation and software projects, meeting deadlines and feedback requirements and organized project files and documentation to support efficient workflows and version control.
- ❖ Freelance Web Developer and React Native Mobile App Developer
  - Built a responsive sample website using HTML, CSS, and JavaScript to demonstrate core web development skills and developed a ReactJS-based student grade reporting system for the University of Ghana's Computer Science Department.
  - Created a mobile retail shopping app with React Native and Expo for client Diana Osei, delivering a user-friendly, scalable solution tailored to the client's needs.

## VALUES & PERSONAL ATTRIBUTES

- ❖ Passionate about leveraging technology for meaningful impact
- ❖ Strong dedication to learning and continuous improvement
- ❖ Effective team player and client-focused approach
- ❖ Analytical and detail-oriented mindset
